

Presentation-quality graphics.

With a resolution of 240 x 216 dots per inch (DPI), you'll get documents that are clear, crisp and bold.

Stunningly crisp text.

Our unique high-quality black film ribbon option gives your text exceptionally sharp definition.

Paper tear-off. This feature automatically advances a form to the tear-off bar, so you can easily remove it, and then returns to the top of the very next form.

Paper parking.

Instantly switch between continuous paper and single sheets.

Ultraquiet operation. The GSX-190 is a pleasure to have around any office environment. It's among the world's quietest printers.

Command-Vue III™. The easy-to-use control panel uses plain-English menus to give you simple yet complete control of over 35 printer functions.

The Citizen GSX-190. The Perfect Printer Right from the Start.

Talk about great beginnings. Say you're a small-business professional working at home, and you want your documents to look as businesslike as possible. Or you're a student who needs to generate detailed reports, complicated graphs and color charts. Even if you've never used a printer before, the Citizen GSX-190 delivers professional results, quickly and easily.

That's because the GSX-190 is so technically advanced, it's simple. With 9-wire, dot matrix printing speeds of up to 270 CPS, crisp 240 x 216 DPI high-resolution output, and Citizen's optional Color On Command™, the GSX-190 could very well be all the printer you'll ever need. All with effortless ease of operation and ultraquiet performance.

VuePrint™

With VuePrint, Citizen's exclusive built-in memory macro, you can custom-tailor the GSX-190 to perfectly suit your style of working. VuePrint's plain-English menus make it simple to store printer settings and call them up anytime.

Command-Vue III™

With the touch of a button, you control over thirty-five printer functions. Thanks to Command-Vue III, plain-English readouts on the control panel instantly tell you which function or mode the printer is in. Select fonts, color, pitch, page layout and more, at the touch of a button. Command-Vue III gives you control, with ease and simplicity.
